 1250 Chester Hwy York, SC 29745 803-684-5553  
 Tues-Sat: 10:00-5:00 Closed Sunday & Monday

## Premier Level Web Advertising

Become a premier level advertiser on our website and have the exclusivity of knowing that only three organizations will be advertised on the GYCC website homepage. The ad specs will be designed from materials given to our web designer and customized to your advantage. The ad once created and approved by you, will then appear on the opening page of the GYCC website rotating every 10 seconds with three other advertisers.

Example of a premier level ad on the GYCC website homepage. The GYCC site for the month of August had over 3,300 page views and over 1,800 visitors. When you factor the number of visitors by the cost of the ad that breaks down to only .07 per visitor. A great deal for web based advertising.

**The cost for this service is only \$85 per month with a three month agreement.**

## Business Directory Advertising

If you would like to advertise in the online version of the GYCC business directory, there are several options for your organization. Our 2" x 3" size ad is a great way to advertise your business card next to your membership listing on the GYCC website. Simply provide us the information and any pictures and we will add it to the directory.

**The cost for this service is only \$195 per year and is simply added to your annual membership fee.**

Example of a business card sized ad on the GYCC business directory.

## Business Directory Logo

Another option with the GYCC web based business listing is to place your logo next to your organization. For members who do not wish to have a business card size ad, for a low yearly fee, we can add your logo in the online directory.

**The cost for this service is only \$35 per year and is simply added to your annual membership fee.**

Example of a company logo on the GYCC business directory.

**For further details about this exciting new marketing opportunity contact the Greater York Chamber of Commerce office toll free at 877-684-2590 or visit the GYCC website at [www.greateryorkchamber.com](http://www.greateryorkchamber.com)**
